After working for several years as a structural engineer, I developed a strong desire to learn and grow in the tech industry, with a growing passion for software development and would like to take any opportunity that can help me pursue this. Currently I am studying Web Development, but I also have a strong interest for Cybersecurity. I'm a fast learner with a strong technical and engineering background, self-learning enthusiast, used to establish, organize, follow deadlines and working under time constraints.

Educational Background

Technical University of Civil Engineering
Bucharest
Master of Engineering - MEng
2013 - 2015

Technical University of Civil Engineering
Bucharest
Bachelor of Engineering - BE
2009- 2013

Tudor Vianu National College of Computer Science
Bucharest
2005 - 2009

Skills & Proficiencies

- Responsive Web Design
- Front End Development
- HTML5 | SCSS
- JavaScript ES6
- npm
- Git | GitHub
- VS Code
- WordPress
- Linux
- Structural Design & Detailing
- Structural Analysis
- BIM modelling

Work Experience

Structural Engineer
WSP Romania
November 2016 - September 2021
CAD Engineering, 3d Modelling, Structural Detailing using Tekla Structures, Robot Structural Analysis. Collaboration with remote teams from Sweden. Establish, organize and follow through with project deadlines.

Structural Engineer
K-BOX
May 2016 - October 2016
Structural Design, 3d Modelling, Structural Detailing using Etabs, Tekla Structures, Advance Steel, Microsoft Office.

Structural Engineer
DCTS
April 2015 - March 2016
Structural Design, 3d Modelling, Structural Detailing using Etabs, Tekla Structures, AutoCad, Microsoft Office.

Certifications

freeCodeCamp
Responsive Web Design
JavaScript Algorithms and Data Structures
2022
Attended online certification courses.
